KATY LIMITED HELD UP

THREE BANDITS BLOW EXPRESS SAFE AND MAKE GOOD THEIR ESCAPE

Muskogee, Okla., Oct. 30.—Three masked men, little more than boys, held up and robbed southbound Katy train No. 9, the Katy Limited, early this morning at Wirth, Okla., six miles south of Eufaula on the banks of the Canadian river.

The bandits flagged down the train as it rounded a curve out onto a small trestle which they had set afire. Uncoupling the engine, express car and baggage car from the other coaches they ordered the engineer to run a half-mile further south where the express safe was blown and ransacked. Express officials declared this morning that they could not tell the amount of the loot but expressed the belief that it will amount to several thousand dollars.

The robbery was one of the most

made the curve the bridge was already in flames. Three masked men standing in the glare of the fire flagged it to a stop.

The locomotive had run onto the burning bridge before the brakes could bring the train to a standstill. Although the flames threatened to destroy the trestle before their work was accomplished the bandits moved with deliberate coolness. Covering the engineer and fireman with their revolvers they ordered them from the cab. Conductor J. A. Dolan leaped from a coach to ascertain why the train had stopped so suddenly. He was lined up beside the other two. The porter also fell a victim to his curiosity and he was made to stand beside the conductor.

While one bandit held the line the other two uncoupled the engine, baggage and express cars from the coaches. They then forced the trainmen into the cab and ordered the engineer to open the throttle. The engine pulling the two cars shot ahead over the burning bridge. It fell into the water a minute or so after the cars had passed. The passenger coaches were left standing by the brink of the stream.

A half mile on the other side of the bridge the bandits ordered the engineer to a stop. They then blew the safe in the express car and ransacked its contents. Four charges were necessary to wreck the safe. The express car was badly damaged by the explosion.

The work completed the bandits put their loot into sacks and fled to

BRYAN AT HOLDENVILLE

Flays Republican Policies—Roosevelt a Fake Progressive—Taft Weighed and Found Wanting.

Bryan's speech at Holdenville Tuesday afternoon, produced a profound effect on the large crowd that assembled to hear it. Although the schedule permitted him to speak only about fifteen minutes, he managed to deal some telling blows during that time.

"Taft, he declared, has been weighed in the balance and not only found wanting, but broke the scales. He went into office by a majority of 1,000,000 and goes out by unanimous consent. No relief could be expected from Roosevelt, as may be seen from reviewing the history of his administration, and besides, according to his own confession, he made a very serious error when he selected and put Taft into office as his successor. If his judgment was so bad in that instance, what can be expected of him in other matters where a cool head is required."

He flayed Roosevelt as a fake progressive. He had watched LaFollette carry on an unequal battle for years and never once offered him any encouragement. There is not a boss he is fighting today with whom he has not at sometime been in close alli-

MORE ABOUT GOOD ROADS

What Prominent Citizens Think of Plan to Build Two Model Roads.

"I certainly favor the plan to build two short roads out of Ada," said P. A. Norris when asked about the present plan of building a permanent road to Pecan Grove and a three mile stretch towards Center. "Of course I would like it better if there were more of it, but this will be a good beginning and I shall give it my earnest support. As it happens these two roads coming into town are about the worst we have, and when given the attention necessary to put them in good shape, they will serve as fine models for other work that will surely follow this small beginning. Both of these roads are traveled over a great deal, and their improvement will undoubtedly mean a nice increase in the produce hauled in from these sections."

"The day of bad roads has just about passed," declared Mr. Norris. People are beginning to realize that good dirt roads are just as badly needed as railroads, and that it is true economy to build a road that will be permanent while one is about it, rather than be continually patching up some makeshift. The places

daring and spectacular holdups committed in Oklahoma in recent years. Wirth nestles in a bend of the Canadian river. Two trestles span the river, one a short bridge of about twenty-five feet carrying the railroad over a slough or backwater. A few feet beyond a trestle of more than 200 feet stretches across the river. The road winds around a hillside in a sharp curve onto the first and smaller trestle.

It was at this curve, a most strategic point, that the holdup occurred. The robbers had timed their work well, almost to the minute. No. 9 was running on time. The bandits must have known this for as the train

the wood-covered hills. The country that skirts the scene of the holdup is described by one of the trainmen as "pretty much wooded bottom land with wilderness not far away."

A few minutes after the robbers had fled Conductor Dolan ordered the engineer to proceed to Crowder, about six miles south. There he gave the first report of the robbery.

Posses were immediately sent out from Crowder and Eufaula. Other posses left an hour later on special trains from McAlester and Muskogee. According to the descriptions given all three of the bandits are under 25 years of age.

Fielder Collins Signs for Life.

Pittsfield, Mass., Oct. 30.—With "Big Ed" Walsh as best man and several other of his team mates in attendance John F. Collins, the popular right fielder of the Chicago American league baseball club, walked up to the altar of St. Joseph's church here today and signed a life contract with Miss Elizabeth C. Doyle. The bride is the daughter of Mr. and Mrs. Edward J. Doyle of this city. The couple first met four years ago in Springfield, Mass., when Collins was a member of the Connecticut league team in that city.

Try a want ad in the Evening News

ance. Two years ago he was a member of the New York state convention which unanimously endorsed the administration of Taft. In the face of all this, he grabbed the leadership away from La Follette and poses as the champion of principles to which he has only lately declared his allegiance.

The speaker then took up needed legislation, and showed how necessary it is to capture all three departments of the government, if the Democrats are to be in a position to carry out their platform pledges. He urged his hearers to vote for Davenport for congress and also the three nominees for congressmen-at-large, and the legislative ticket.

The great Nebraskan has lost none of his fire or personal magnetism. He has a convincing manner of saying a thing that carries conviction with it, a fact that accounts for much of his success as a campaigner.

Three car loads numbering almost 150, went on the special from Ada, and at Francis quite a number of others boarded the train, so that the crowd that unloaded at Holdenville added considerably to the one already on the streets waiting for Bryan. It was not until 5:20 that his train reached Holdenville. He was met at the depot by an auto and whisked to the city hall where a platform had been erected on the corner from which he spoke.

This Date in History.

1781—Benjamin Lincoln appointed secretary of War by Congress.

1789—President Washington, on a tour of observation, arrived at Portsmouth, N. H.

1854—Thomas H. Carter, for many years U. S. senator from Montana, born in Scioto County, Ohio. Died in Washington, D. C., Sept. 17, 1911.

1858—President Buchanan issued a proclamation respecting an apprehended invasion of Nicaragua.

1862—Gen. Rosecrans assumed command of the Army of the Cumberland.

1764—Col. Bouquet's expedition Ohio Indians started from Fort Pitt.

1890—First contingent of Canadian troops for South Africa sailed from Quebec.

1911—The Chinese throne accepted to the demand of the National Assembly for a complete constitutional government.

Denison where he will take a position in a bank.

C. E. Cannon, roadmaster of the north end division, was in town Monday evening. He reports the building of the M. O. & G. bridge at Calvin progressing rapidly and will be completed by the first of December.

R. C. Roland and Jim Bolen are advertised to speak here Wednesday.

W. T. Hoover has rented a farm near Wapanucka and will move there before the first of the year.

D. H. Reese opened a skating rink in the Cannon building and invites all lovers of this pastime to give him a trial.

Youthful Slayer on Trial.

Shreveport, La., Oct. 30.—Joseph O'Dwyer, an 18-year-old boy, was arraigned in court here today to stand trial for murder. He is accused of killing Thomas P. Whitehead, an aged paralytic, near the latter's home on August 20 last. According to eye-witnesses, O'Dwyer slapped the seven-year-old daughter of Whitehead and drew a pistol on a married daughter. The youth then called Whitehead to the gate and shot him through the breast, causing death two hours later. The victim of the tragedy left a wife and eight children.

STATE CONVICTS PICK COTTON AT GRANITE

Oklahoma City, Ok., Oct. 30.—One hundred trustees of the State Reformatory at Granite are working in cotton patches in that vicinity, earning for the state an average of \$1.50 per day. The men work without guard, one bunch of thirty being away from the prison from Monday morning until Saturday night. Before the planter can obtain prison help he is required to make affidavit that he is unable to procure free labor, and that he will pay for convicts the prevailing price of the community. Around Granite it is \$1.00 per 100 pounds.

Clyde Reed, warden of the institution, who was here yesterday, says that he makes the task of each picker 150 pounds per day and all the convict earns over that amount he is allowed to retain. One bunch of thirty men last week averaged 344 pounds each per day, and the extra money is being sent to the convicts' families. A

Of the \$678,364.79 paid into the Democratic national campaign fund, Oklahoma contributed \$3,015.40. This state ranks thirty-first in the order of contributors.

The Mohammedan religion directs its votaries to pray five times daily, but lately the Bulgarians have kept the Turks going at such a lively clip that they have probably changed it to one prayer in five days and that on the run.

If Vice President Sherman should die before the electors cast their vote it will not unduly complicate matters, since the electors have the power to vote for some one else, if they choose. However, the senate might find itself in just a little trouble over a presiding officer in case he should die. Owing to the insurgent element in the senate, it has been impossible for that body to choose a president pro tempore, the insurgents refusing to vote for Senator Gallinger, the nominee of the regulars. An arrangement was finally entered into by which Senators Gallinger and Clay, the latter a democrat from Georgia, alternated as presiding officer when the vice-president could not be present at the sessions of the senate. This arrangement will probably be continued until March 4.

The State Treasurer has now on hand, with several counties not yet making their final remittances, a sufficient balance to wipe out every warrant issued against appropriations for the Fiscal Year 1912, ending June 30, last. This was the levy which roused the ire of the element which became active in organizing the alleged "Tax Leagues" over the state, and proves the capacity of the men composing the

COTTON RECEIPTS OVER 6,000 BALES

Cotton continues to come in at a rapid rate and the receipts are now approaching the figures of a year ago. This (Wednesday) afternoon the receipt at the county yard were 5,432 bales, and the output of the round bale gin 1,594, the equivalent of 797 square bales. This gives a grand total of 6,220 bales for the season, against 7,563 on November 1, 1911. The present figures indicate that the city has received about half of the total that will be brought in during the present season.

The big jump the figures of Monday is due to a misunderstanding by the reporter when he received them. The result was that the receipts as given Monday were considerably short of the real facts.

The price today has remained steady around 11.25.

AUTOGRAPH TELLS A TALE

Character of the Kaiser Revealed by Expert by Close Analysis of His Signature.

There is always a certain amount of interest attached to the deductions drawn by graphologists from the signatures of eminent men. Here, for example, is an illuminating description of the Kaiser's autograph, supplied by an eminent Berlin graphologist:

"To begin with, there is a crotch, a sign of pertinacity, followed by a vertical dash, showing audacity, energy, regardless of any obstacle. Then there is an acute angle, a sign of firmness and aggressiveness. The first stroke of the 'W' indicates a feeling of superiority over the rest of the universe. The termination of the imperial 'W' suggests that the sovereign sometimes finds himself struggling with the multitude of his thoughts, or the power of his instincts.

"The other letters forming the signature show similar characteristics," the graphologist proceeds. "The final 'n' is indicative of great diplomacy, which to the analyst suggests subtlety. The letter also suggests the impossibility of the suppression of the 'ego.' The flourish which terminates the imperial autograph shows a suppleness of spirit, a desire to be loved, also self-esteem.

"The two terminating points indicate defiance and generally the characteristics are those of an extraordinary imagination."

First to Use Chloroform.

Chloroform as an anæsthetic was first used on the 30th of September, 1846, by Dr. W. T. G. Morton, a dentist, of Boston, in a case of tooth extraction, and thereafter by him in many difficult operations. The news of the discovery reached England in December, 1846, and British dentists immediately began to use it. Sir James Simpson, a Scotch physician (1811-1870) was the first to use it in hospital practice and this he did in 1847. His discovery was considered independent of that by the Boston dentist and in 1866 he was knighted. He had a public funeral when he died and a statue of him in bronze stands in Edinburgh.

BUY YOUR COAL NOW

AND SAVE MONEY
On account of wishing to keep our ice service good so that you will get your ice in good time on the warm days, we have decided to sell our Coal at about cost for a while so as to keep our men and teams busy during what cool days we have, so that we will not have to reduce our ice delivery service, order now and we will deliver to you as we can before the cool weather sets in. Remember that we handle the very best Coal, there is many poor mines in a district that is supposed to be good. We buy only from the best and where they prepare it best, there is a fire clay in all mines in this state, the least bit of fire clay in coal will cause it to clink, the fire clay will get into all coal that is mined by the blasting process, we buy only machine mined coal which is the only process that will insure no fire clay, in mining with machines there is a roof and a floor left of coal and there is no way for it to get in, machine mined coal goes on the market at a much higher price than blasted coal, but we have always thought that our customers wanted the best and we have got it for them and sold it for about the same price some sells a low grade of coal for, also remember that we load our wagons with a fork which insures no slack, we can burn our slack under our boilers, and realize something out of it while it is worthless for stove use. We are the only coal dealers in town that has use for slack, what ever amount of slack you get in your coal is the real amount of shortage you have, as it is the same as no coal. We guarantee our weights, and you get 2000-pound tons from us. We have in stock Dewar Lump, and Rotary screened Nut and the best McAlester Lump. Call us up before you buy, we can save you in price and in quality of the coal. Phone 29.

NORMAL 45, SACRED H. O

Normal Continues Victorious Career in Football—Sacred Heart Puts Up Plucky Fight.

The Sacred Heart and the Normal football teams clashed in a hard struggle for victory on the Normal Athletic park this afternoon. In spite of the fact that clouds kept drifting by and rain was expected at almost any time, a large crowd assembled to witness the gridiron battle. The Normal team was slightly heavier than the Catholic boys, but the visitors hoped to overcome this drawback in weight by their great speed. In fact, speed is their strong point.

The ground was the least bit heavy on account of the rains last night, but with this exception everything was in fit trim for a great game. The Normal line up was the same that was used last week against A. & M. Referee—Abbot. Umpire—Cox.

SCORE BY QUARTERS.

First quarter: Called 2:25.

Sacred Heart kicked off to Ada's ten yard line. McMillan returned thirty yards. Ada lost on fumble. Sacred Heart lost on downs. Ada penalized fifteen yards for handling. Ada kicked on fourth down. Sacred Heart got ball on her own thirty yard line. Ada was penalized fifteen yards on sideline coaching. Sacred Heart kicked on fourth down. With line plunging R. McMillan was sent over for the first touchdown for Ada. Jones, F., kicked goal.

Ada kicked off to Sacred Heart's twenty yard line. Davis returned five. Ada 7, Sacred Heart 0.

Ada's ball on Sacred Heart's thirty yard line. Ada lost four yards. Sacred Heart penalized five yards for holding. Roddie went over for Ada's second touchdown. Jones, F., kicked goal.

Ada kicked off to Sacred Heart's twenty-five yard line. Sacred Heart returned punt to Ada's five yard line. McMillan, C., returned ten yards. A forward pass to Roddie netted thirty yards. McMillan knocked out of the game. Donaghey went through for the next touchdown. Roddie failed on goal.

Ada kicked. Sacred Heart's ball on her forty yard line. Roddie got ball on fumble.

End of first half, score, Ada 20, Sacred Heart 0.

THIRD QUARTER.

Ada kicked off to Sacred Heart's five-yard line. Sacred Heart's ball on her twenty-yard line. Sacred Heart kicks on last down. Sacred Heart punts on first down. Ada's ball in center of field. McMillan made forward pass thirty yards to Roddie. Roddie knocked out of game. Donaghey made run of twenty yards around left end. Donaghey on next play went through for another half dozen points.

Sacred Heart kicked. Brents returned the ball to center of field. McMillan, R., penalized fifteen yards for handling. Forward pass to Brents failed. McMillan punted forty yards. Time up. Ada 26; Sacred Heart 0.

FOURTH QUARTER.

Sacred Heart's ball on her twenty-two yard line. Ada got ball on downs. Jones, F., made an end run on last down for another score for the Normal. Jones failed on goal.

Normal kicked off. Sacred Heart returned ten yards. Sacred Heart punted. McMillan, C., returned thirty yard through a broken field. McMillan, R., and Donaghey both made fifteen yard runs around the end. McMillan went through the line for Ada's sixth touchdown. Tolbert failed on goal.

Sacred Heart kicked off. Jones, H., returned ten yards. Brents ten yards around left end. Ada penalized five yards for off-side. Jones, F., on an end run made another touchdown for the teachers. Jones, F., kicked goal.

Ada kicked off. Davis returned on punt. Brents returned ten yards. Pentem made twenty yard run around right end. Ada loses on downs. Sacred Heart punts.

Game ends with Ada in possession of the ball on Sacred Heart's forty-yard line.

Score, Normal 45; Sacred Heart 0.

Line-up.

Ada—Rollow, V., center; Jones, H., right guard; McKeown, left guard; Tolbert, right tackle; Jones, F., left tackle; Brents, right end; Pentem, left end; McMillan, R., right half-back; Roddie, left half-back; Donaghey, quarter back; McMillan, C., full-back.

Sacred Heart—Elders, center; Jackson, right guard; Wahaunsee, Jim,

CITY NEWS IN BRIEF

Loose leaf ledger's at Holley's. 229-11.

Hear Capt. Hobson tonight at Normal auditorium. 8:30 p. m.

Rev. S. B. Damron returned this morning for Tulsa, where he conducted a meeting.

Regular suppers now served at the Pontotoc Cafe. 174-41d

Capt. Hobson, greatest of America's heroes, tonight at Normal.

A good shower fell Tuesday night and the temperature has been somewhat lower today in consequence.

The Destiny of America, by Capt. Hobson at normal this evening at 8 p. m.

Always got all kinds of paint at lowest prices at Dr. Holley's Drug Store. 229-11.

J. M. Wintersmith returned this morning from an extended visit to his old home at Louisville, Kentucky.

Stoddard's lectures contain the romance, poetry, drama, mythology and fable of 3,000 years.

W. J. Reed is able to be out today, although still very sore from the effects of his accident.

All kinds of blank books, ledgers, cash books and day books at Holley's Drug Store. 229-11

Plenty of fancy lump and nut coal on hand. Ada Coal Co. Phone 157. C. W. Zorn. 177-31

Of all the western dramas that have been presented of late, none can excel A Woman of Arizona, which the Majestic will present to its patrons this evening. Lazy Bill Hudson is a live wire comedy and no mistake. You will have to see Bill if you want to know how lazy he really was. Coming tomorrow: Lyne & Kilment, those funny vaudevillians.

Among the members of Wetumka lodge attending the Erick funeral were W. C. Farmer and G. C. Bolin of the Wetumka Gazette. While here they paid the News a short and appreciated call.

Help the citizens by hearing Capt. Hobson this evening—8 p. m. at Normal auditorium.

When you get cold buy your coal from the Ada Coal Co. Phone 159. 177-31d

J. W. Bolen had already received an invitation to join the Bryan train at Holdenville Tuesday afternoon, but as it was some distance from the place of speaking to the train, he had a lively race to catch it, but proved himself something of a racer and won the race by a scratch.

WANTED—At Cement Plant—Thirty men; steady work. Oklahoma Portland Cement Co. 131-11

There is not a dull page in the whole set. There are no dry places to skip in Stoddard's Lectures.—I. Carmack, Kansas City, Mo.

CROXTON WILL ADDRESS VOTERS AT CENTER

A. M. Croxton has accepted the invitation of the county committee to address the voters of Center Saturday afternoon. This being Wilson rally day it is the hope of the committee that Democrats all over the county will turn out and stir up some enthusiasm that will bring out a full vote in November.

If "Casey Jones" takes his "Beautiful Doll" "Down by the Old Mill Stream" while "Alexander's Rag Time Band" plays "Meet Me To-night in Dreamland," You should take your "Mysterious Rags" to the

When John D. Was Young.

Appropos of John D. Rockefeller's purchase of a mine for \$400,000 that he sold to the Steel trust for \$80,000,000, a Chicago broker told, rather bitterly perhaps, an apocryphal story about the oil kind.

"When John D. was a baby," he said "his mother used to sing him to sleep. 'Sing a song of sixpence' was the lullaby she employed.

"Sing a song of sixpence," crooned the mother.

"And the baby, shaking its little head and smiling in a wheedling way, said:

"Make it a quarter, ma, and I'll go."

—Detroit Free Press.

FRIEND OF TECUMSEH

WILL SPEAK SATURDAY

It is the plan of the state and national committees, to close the campaign Saturday with a general round-up and rally. In this connection Hon. Chas. Friend of Tecumseh will speak at Ada at 2 o'clock on that date. Mr. Friend has the reputation of being one of the best speakers sent out by the committee, and a good speech may reasonably be expected of him.

Notice to Teachers.

Arrangements have been made for a meeting of the County Teachers' Association of the County Teachers' Association to be held at Ada on Friday and Saturday after Thanksgiving, November 29 and 30th. Some questions of importance will be discussed at this meeting and a full attendance is requested.

J. H. NORMAN, Acting Pres. Francis, Okla., Nov. 29th, 1912.

WANTED—At Cement Plant—Thirty men; steady work. Oklahoma Portland Cement Co. 131-11

Her Simple Question.

A young man took a young woman friend to a ball game for the first time, and in his superior knowledge he asked her after the first inning was over if there was anything about the game she would like to have explained.

"Just one thing," said the sweet young thing. "I wish you would explain how that rheumatic bush league relic in the box ever gets the ball over the plate without the aid of an express wagon."

And in the silence that followed all that could be heard was the chugging of the young man's Adam's apple working feverishly up and down.—Boston Traveler.

Quickest route for first class painting and paper hanging. All work done on short notice. Phone McDoie at Byrd hotel. 171-11

Married.

About 4 o'clock Tuesday afternoon, at the Baptist parsonage, the marriage of Mr. C. H. Hansard and Miss Winnie Williams of Stonewall was solemnized, Rev. C. Stubblefield officiating.

Thanks to the help of Prof. W. D. Little the News is able to get a full writeup of this afternoon's ball game in this issue of the paper. It will be only a few minutes from the time the last piece of copy comes in until the paper is in the hands of the players themselves who will be thus enabled to see themselves as others saw them

YOU CAN REGISTER NOW

NEGRO AX WOMAN TAKEN TO THE PEN

Lafayette, La., Oct. 30.—The negroes of this section breathed more freely last night for yesterday Clementine Barnabet, the negro "ax woman," recently convicted of murder, one of the nineteen to which she had confessed, was taken to the state penitentiary to serve the life sentence imposed upon her. Since Clementine's confession and conviction, her father, Raymond Barnabet, and her brother Zepherin, convicted of one of the murders which the woman declared she had committed, have been freed.

Announcement!

I wish to thank the people of Ada and surrounding country for their liberal patronage they have given me since I've lived in Ada, and take this method of expressing my sincere gratitude to them all for same where I think I have succeeded in giving all entire satisfaction. If not you will confer an esteemed favor upon me to express your grievances to me that I may be able and always willing to adjust everything to your entire satisfaction. If I have pleased you tell others. If not tell me for I wish to know the error. I am now moved in my new home east of the postoffice and court house where you will find one of the best optical parlors in Oklahoma, also the best line of jewelry to be found in Ada or any where near Ada. I ask you to call and inspect for yourself. Choose us for your jeweler and optician. Every family should know a jeweler in whom they can repose utmost confidence. We want to be your jeweler, so invite you to visit our establishment. We will show you many exquisite jewels. We will explain to you how we have won the confidence of scores of folks. You will enjoy the visit immensely, besides you will learn how one jeweler saves you money. Now having plenty of room I am better able to serve you than ever. Make our store your headquarters.

W. S. IRICK DIES AFTER LONG ILLNESS

At 2 o'clock this morning W. S. Irick died at his home on East 7th street. The funeral services were held at the Methodist church this afternoon at 2 o'clock, after which the interment took place at Rosedale cemetery. Deceased being a member of the Masonic fraternity, the body was laid to rest with the honors of that craft. Besides members of the Ada lodge, twenty-one members of Wetumka lodge, in which deceased held his membership, participated in the ceremonies.

Mr. Irick moved to Ada only a few weeks ago and was in the employ of the Choctaw Cotton Oil Co. as superintendent of gins. He had scarcely arrived before being stricken down with typhoid fever, and for two months

he fought for his life but to no avail. He was at one time convalescing of the fever, when stricken with pneumonia which attack he was too weak to withstand.

Mr. Irick is survived by his wife and two children, who have the deep sympathy of a host of friends in their hour of bereavement.

THE ONLY WAY

Many Ada Citizens Have Discovered It.

Just what to do when the kidneys are affected is a question that concerns both old and young. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys. Doan's Kidney Pills owe their world-wide fame to the fact that they have cured thousands of cases of sick kidneys and cured them permanently. Follow the example of this Ada citizen.

Mrs. A. White, Townsend Ave., and Thirteenth street, Ada, Okla., says: "We have used Doan's Kidney Pills in the family with such good results that I can recommend them highly, although I never used them myself. One of my family had been bothered with backache and weak kidneys. The use of Doan's Kidney Pills brought complete relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Rags Wanted—Will pay 2 cents per pound for large clean cotton rags. News office.

SHERMAN'S CONDITION VERY CRITICAL

Utica, N. Y., Oct. 29.—At 6 o'clock tonight Dr. Peck issued the following statement relative to the condition of Vice President Sherman:

"For the past week or ten days Mr. Sherman's friends and physicians have felt a great deal of solicitude about him and for the past three or four days his uremic condition has caused a good deal of alarm. After a very disturbing day yesterday, he fell into a natural sleep at 11 o'clock last night without the aid of sleep-producing drugs and slept until 5 o'clock this morning quietly and comfortably. This afternoon there has been a recurrence of his disturbance, but for the larger part of the afternoon he has been resting quietly. His heart strength is keeping up very well, his pulse is from 80 to 86; temperature practically normal; respiration from 17 to 20."

During the day there were several emergency calls from the Sherman house for the physicians. The vice president was not in great pain, but was extremely restless and at times irrational, both of which conditions were caused by the presence of uremic poison, due to the inaction of the kidneys. Dr. Peck makes no effort to minimize the seriousness of this condition, but is hopeful of being able to stimulate the kidneys and if he succeeds, expects a marked improvement. In no event does he anticipate a vital crisis for a day or two.

There is no effort to conceal the facts concerning the vice president's case. On the contrary, both Dr. Peck and Mr. Sherman's family concede its critical nature.

The doctor says, however, that kidney diseases are of such an illusive nature that it is quite impossible to foretell the course of any given case with exactness. Mr. Sherman's robust constitution is in his favor, but the fact that he has lost ground steadily since August weighs against him.

Dr. Janeway of New York, and Dr. Elsner of Syracuse, both of whom have been called into consultation during the past ten days, confirm Dr. Peck's diagnosis, leaving no doubt that the kidneys are the seat of the malady, while the heart, the arteries and the muscles about the heart are all seriously involved.

After a restless and unsatisfactory day, Vice President Sherman dropped off to sleep while sitting in his chair at 8:30 o'clock tonight and at 11 o'clock still was sleeping. Dr. Peck, who had been with him most of the time for twenty-four hours, left for home expressing confidence that his patient would go through the night without great distress.

His kidneys are acting somewhat more favorably.

Problem of the Backward Child.

New York, Oct. 30.—Some of the brightest minds of the nation assembled at the College of the City of New York today to consider the great problem of the mentally defective child and the giving of him for useful citizenship. The conference is similar to the one held here last year and which attracted international attention at the time. Dr. P. P. Claxton, United States Commissioner of Education, is presiding over the three days' sessions. Other notable participants include Gardner C. Basset of Johns Hopkins University, Prof. James E. Lough of New York University, Miss Mary R. Campbell of Chicago, and Dr. C. Ward Crampton, director of physical training in the New York public schools.

YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

Notable Wedding in London.

London, Oct. 30.—At one of the most brilliant weddings of the season, Miss Benson, daughter of Mrs. Robert Benson, who is equally well known to society in New York and London, today became the bride of Capt. Hereward Wakes, D. S. O., 60th Rifles. The ceremony took place at St. Margaret's, Westminster. The bride was attended by eight bridesmaids. The ceremony at the church was followed by a large reception at Dorchester House, the London home of the American ambassador, which was loaned for the occasion.

J. W. Hattox was up from Fitzhugh between trains this morning.

HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothurn, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief."

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited.

I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old. Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength.

Have you tried it? If not, please do. It may be just what you need.

N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

ILLITERACY DECREASING IN UNITED STATES

Washington, Oct. 30.—In the states comprising what the Census Bureau denominated the "East North Central" portion of the United States, not more than three out of 1,000 children between the ages of 10 and 14 are unable to read and write. This includes white, black, native and foreign children in the states of Ohio, Indiana, Illinois, Michigan and Wisconsin.

That is what Director Durand of the Census Bureau finds from the 1910 census. Ten years previous, or in 1900 in that same area the illiteracy rate was seven in each 1,000 children of that age, or a drop in illiteracy from 7 to 3 of 1 percent.

This is just a shade better than in the Middle Atlantic and the New England states, where the rate of illiteracy is four in 1,000. The greatest improvement in ten years is noted in New England where the rate dropped from 1.2 per cent to .4 of 1 per cent. In the New England and Middle Atlantic States illiteracy among native white children of native parents has been almost obliterated, being reduced to two in 1,000, while in the Pacific Coast States the illiteracy has been reduced to one in 1,000 among the native children of native white parents. Ten years before it was three in 1,000. The average on the Pacific Coast for black, white, native and foreign children between 10 and 14 years is .5 of 1 per cent.

Owing to the large negro population the illiteracy is greatest in the Southern states from the Atlantic to and including Texas and Oklahoma. The statistics are not available as to states, but for those states comprising the South Atlantic division the illiteracy is 10 per cent, or 100 in each 1,000. This is reduction from 17.8 per cent in 1900. In that section the illiteracy among negro children is 18.9 per cent as against 31.3 per cent in 1900.

In the East South Central division, composed of Kentucky, Tennessee, Alabama and Mississippi, illiteracy among all classes and races of children is 10.7 per cent against 18.2 per cent in 1900. The illiteracy among negro children is 29.7 against 33.1 in 1900.

In the West South Central division composed of Texas, Oklahoma, Louisiana and Arkansas, ninety-four out of every 1,000 children of all races are unable to read or write. Ten years previous this rate was 162 out of 1,000. Of the negro children 32.7 were illiterate in 1900 and 2.4 per cent in 1910.

An interesting fact brought out by these statistics is that American-born children of foreign parentage stand higher in percentage as regards instruction than do the native children born of native parents. Especially is this the case in the South, east of Louisiana. In the South Atlantic states the rate of illiteracy among children of native parentage is 5 per cent, but among American-born children of foreign parentage it is only .8 of 1 per cent. In the East South Central division it is 5.8 per cent among children of native parentage, as against .9 of 1 percent among children of foreign parentage.

DECISIVE BATTLE BEING FOUGHT

Bulgarians and Turks Locked in Death Grapple—Battle May Decide War.

London, Oct. 29.—What may develop into the decisive battle of the war is being waged southeast of Adrianople, where, according to the scant information from the front, the armies of Turkey and Bulgaria are locked in a tremendous struggle.

Constantinople admits that an important battle is being fought and insists that the Turkish troops, after successive defeats by the Bulgarians, are at last gaining ground. A brief dispatch to the Ottoman government, from Nazim Pasha, whose headquarters are near Chorus, saying he is engaging the enemy in force and that the Turkish troops are resolved to die, but never surrender, is the sole intimation of the beginning of the battle in which several hundred thousand men are engaged along a front which is believed to extend about forty miles from Chorus in the east to Ku-Lule-Burgas, which, according to a Vienna dispatch, is now held by the Bulgarians.

From Vienna also comes the information of a further advance of the eastern Bulgarian army, which met a large force of Turks stationed near the river north of Chorus, and that there is fighting all along the line in the neighborhood of Saraz, Sofalar, Cherkesskeni and Strandja. Severe fighting is also reported between Uskub and Visa.

According to Turkish reports two

Half the Regular Fuel Supply Required

Cole's Original Hot Blast Heater, on account of the patented air-tight and gas-tight construction and patented hot blast combustion, gives perfect control over the fire.

Build Only One Fire a Winter

It is so perfect in construction that fire keeps all night—It saves the gases wasted with other stoves.

The cost of the stove is saved in fuel. \$5.00 worth of soft coal, hard coal or lignite, or a \$1.50 ton of slack or screenings will do the work of twice the amount of fuel in other stoves.

It is guaranteed to remain always air-tight, which means that it is always a fire-keeper.

Examine Cole's Original Hot Blast before you buy—Avoid imitations which only look like the genuine.

The heater with a reputation. **BROWN & COFFMAN** Price \$12.00 and upward according to size and style. **HARDWARE DEALERS: ADA, OKLAHOMA**

battalions of Bulgarians were cut to pieces in this encounter.

The bombardment of Adrianople still continues, but the Bulgarians now announce that no attempt will be made to take it by storm, as they are determined to starve the garrison into surrender. The only word from Sofia tonight is that the Bulgarians, having cut Nazim Pasha's communications, have forced him into a big battle and that they are confident he will be overwhelmed.

From Belgrade comes the report that the Turks are retiring toward Monastir and Salonica with the Serbian cavalry in pursuit.

So far the Servians are reported to have captured a dozen important towns in Macedonia, which were defended by 160,000 Turks.

The retreating remnants of this army are thoroughly demoralized. The Servians have captured 200 guns many thousands of rifles and immense stores of ammunition and provisions.

The Greeks are reported to have captured the defile leading to Verria on the line from Salonica to Monastir, but the position of the Greek forces is apparently perilous, as the Daily Express correspondent telegraphs from Larissa as follows: "The army must have bread. This explains why the Crown Prince is pushing eastward in frenzied haste to Salonica, where his army can be replenished from the sea."

Lieutenant Kamberius, the Greek army aviator, left Larissa yesterday morning in a Beriot machine and made a great flight, traveling at a height of 4,000 feet. He returned safely with valuable information of the enemy's movement. The Montenegrins are still keeping up a bombardment of Scutari. They have taken the

heights of Busatirogana Gaztani, where they have planted artillery and are raking the doomed town, which is cut off from supplies and facing starvation.

The consensus of opinion is that the Turkish army under Nazim Pasha with its line of communication cut, is now fighting for its life and that Salonica, menaced by the Greeks and Servians is in peril.

In favor of installing electricity in your home is the convenience. You simply press a button and we do the rest. We can light your home, heat your home, cook your meals, wash your clothes, operate your sewing machine, and make it a pleasure for you to iron in the new way—the electric way. You can iron in the kitchen, sewing room, porch or wherever you choose. No walking back and forth, or stopping work, the right temperature in the iron always, therefore better work. Adopt the electric way—the cool, comfortable and efficient way. Electricity is one of the greatest household economizers and conveniences available. Always at your service to explain matters to you.

KATE BARNARD OF OKLAHOMA

This is a great big story by Helen Christine Bennett, about a 90-pound woman, "the most popular citizen, the friend of the poor and unfortunate, the best vote getter—in short, the beneficent boss of a thriving state."

Her career in politics, her battles and her victories, her work as State Commissioner of Charities and Corrections, her organization of the East Side Improvement Society and its results, her fight for pure water for Oklahoma City—all these things and many more are in

PICTORIAL REVIEW FOR NOVEMBER

In this number begins, also, a series of the most remarkable human documents ever published, "The Love Letters of a Confederate General" written fifty years ago and published today for the first time. These letters were written in the thick of the greatest civil war the world ever saw. Every school boy knows the story of the brave man who wrote these letters filled with war, adventure, romance and love. Be sure to get this remarkable number and read the first letters of the series. KATY LIMITED HELD UP

THREE BANDITS BLOW EXPRESS SAFE AND MAKE GOOD THEIR ESCAPE

Muskogee, Okla., Oct. 30.—Three masked men, little more than boys, held up and robbed southbound Katy train No. 9, the Katy Limited, on this morning at Wirth, Okla., six miles south of Muskogee on the banks of the Canadian river.

The bandits flagged down the train as it rounded a curve out onto a flat mile side which they had set alight. Coupling the engine, express car and baggage car from the other coaches they ordered the engineer to run a half-mile in the south where the express safe was blown and ransacked.

Express official declared this morning that they could not tell the amount of the loot but expressed the belief that it will amount to several thousand dollars.

The robbery was one of the most

made the curve the bridge was already in flames. Three masked men standing in the glare of the fire flagged it to a stop.

The locomotive had run onto the burning bridge before the brakes could bring the train to a standstill. Although the flames threatened to destroy the trestle before their work was accomplished the bandits moved with deliberate coolness. Covering the engineer and fireman with their revolvers they ordered them from the cab. Conductor J. A. Dolan leaped from a coach to ascertain why the train had stopped so suddenly. He was lined up beside the other two. The porter also fell a victim to his curiosity and he was made to stand beside the conductor.

While one bandit held the line the other two uncoupled the engine, baggage and express cars from the coaches. They then forced the trainmen into the cab and ordered the engineer to open the throttle. The engine pulling the two cars shot ahead over the burning bridge. It fell into the water a minute or so after the cars had passed. The passenger coaches were left standing by the brink of the stream.

A half mile on the other side of the bridge the bandits ordered the engineer to stop. They then blew the safe in the express car and ransacked its contents. Four charges were necessary to wreck the safe. The express car was badly damaged by the explosion.

The work completed the bandits put their loot into sacks and fled to

BRYAN AT HOLDENVILLE

Phys. Republican Policies—Roosevelt a Fake Progressive—Taft Weighed and Found Wanting.

Bryan's speech at Holdenville Tuesday afternoon, produced a profound effect on the large crowd that assembled to hear it. Although the schedule permitted him to speak only about fifteen minutes, he managed to deal some telling blows during that time.

Taft, he declared, has been weighed in the balance and not only found wanting, but broke the scales. He went into office by a majority of 1,000,000 and goes out by unanimous consent. No relief could be expected from Roosevelt, as may be seen from reviewing the history of his administration, and besides, according to his own confession, he made a very serious error when he selected and put Taft into office as his successor. His judgment was so bad in that instance, what can be expected of him in other matters where a cool head is required.

He flayed Roosevelt as a fake progressive. He had watched La Follette carry on an unequal battle for years and never once offered him any encouragement. There is not a boss he is fighting today with whom he has not at sometime been in close alli-

MORE ABOUT GOOD ROADS

What Prominent Citizens Think of Plan to Build Two Model Roads.

"I certainly favor the plan to build two short roads out of Ada," said P. A. Norris when asked about the present plan of building a permanent road to Pecan Grove and a three mile stretch towards Center. Of course I would like it better if there were more of it, but this will be a good beginning and I shall give it my earnest support. As it happens these two roads coming into town are about the worst we have, and when given the attention necessary to put them in good shape, they will serve as fine models for other work that will surely follow this small beginning. Both of these roads are traveled over a great deal, and their improvement will undoubtedly mean a nice increase in the produce hauled in from these sections.

"The day of bad roads has just about passed," declared Mr. Norris. People are beginning to realize that good dirt roads are just as badly needed as railroads, and that it is true economy to build a road that will be permanent while one is about it, rather than be continually patching up some makeshift. The places

daring and spectacular holdups committed in Oklahoma in recent years.

With nestles in a bend of the Canadian river two trestles span the river, one a short bridge of about twenty-five feet carrying the railroad over a slough or backwater. A few feet beyond a trestle of more than 200 feet stretches across the river. The road winds around a hillside in a sharp curve onto the first and smaller trestle.

It was at this curve, a most strategic point, that the holdup occurred. The robbers had timed their work well almost to the minute. No. 9 was running on time. The bandits must have known this for as the train

the wood-covered hills. The country that skirts the scene of the holdup is described by one of the trainmen as "pretty much wooded bottom land with wilderness not far away."

A few minutes after the robbers had fled Conductor Dolan ordered the engineer to proceed to Crowder, about six miles south. There he gave the first report of the robbery.

Posses were immediately sent out from Crowder and Muskogee. Other posses left an hour later on special trains from McAlester and Muskogee. According to the descriptions given all three of the bandits are under 25 years of age.

Fielder Collins Signs for Life.

Pittsfield, Mass., Oct. 30.—With "Big Ed" Walsh as best man and several other of his team mates in attendance John P. Collins, the popular right fielder of the Chicago American league baseball club, walked up to the altar of St. Joseph's church here today and signed a life contract with Miss Elizabeth C. Doyle. The bride is the daughter of Mr. and Mrs. Edward J. Doyle of this city. The couple first met four years ago in Springfield, Mass., when Collins was a member of the Connecticut league team in that city.

Try a want ad in the Evening News

ance. Two years ago he was a member of the New York state convention which unanimously endorsed the administration of Taft. In the face of all this, he grabbed the leadership away from La Follette and poses as the champion of principles to which he has only lately declared his allegiance.

The speaker then took up needed legislation, and showed how necessary it is to capture all three departments of the government, if the Democrats are to be in a position to carry out their platform pledges. He urged his hearers to vote for Davenport for congress and also the three nominees for congressmen-at-large and the legislative ticket.

The great Nebraska has lost none of his fire or personal magnetism. He has a convincing manner of saying a thing that carries conviction with it, a fact that accounts for much of his success as a campaigner.

Three car loads numbering almost 150, went on the special train from Ada, and at Francis quite a number of others boarded the train, so that the crowd that unloaded at Holdenville added considerably to the one already on the streets waiting for Bryan. It was not until 5:20 that his train reached Holdenville. He was met at the depot by an auto and whisked to the city hall where a platform had been erected on the corner from which he spoke.

This Date in History.

1781—Benjamin Lincoln appointed secretary of War by Congress.
1789—President Washington, on a tour of observation, arrived at Portsmouth, N. H.

1871—Thomas H. Carter, for many years U. S. senator from Montana, born in Seneca County, Ohio. Died in Washington, D. C., Sept. 17, 1911.

1858—President Buchanan issued a proclamation respecting an apprehended invasion of Nicaragua.

1862—Gen. Rosecrans assumed command of the Army of the Cumberland.

1761—Col. Bouquet's expedition Ohio Indians started from Fort Pitt.
1890—First contingent of Canadian troops for South Africa sailed from Quebec.

1911—The Chinese throne accepted the demand of the National Assembly for a complete constitutional government.

Mrs. J. B. Robertson who has been dangerously ill is rapidly recovering.

C. E. Cannon, roadmaster of the north end division, was in town Monday evening. He reports the building of the M. O. & G. bridge at Calvin progressing rapidly and will be completed by the first of December.

R. C. Roland and Jim Bolen are advertised to speak here Wednesday.

W. T. Hoover has rented a farm near Wapanucka and will move there before the first of the year.

D. H. Reese opened a skating rink in the Cannon building and invites all lovers of this pastime to give him a trial.

Youthful Slayer on Trial.

Shawnee, La., Oct. 30.—Joseph O'Dwyer, an 18-year-old boy, was arraigned in court here today to stand trial for murder. He is accused of killing Thomas P. Whitehead, an aged paralytic, near the latter's home on August 20 last. According to eye-witnesses, O'Dwyer slapped the seven-year-old daughter of Whitehead and drew a pistol on a married daughter. The youth then called Whitehead to the gate and shot him through the breast, causing death two hours later. The victim of the tragedy left a wife and eight children.

that are giving most attention to roads are the ones now coming to the front, and as a citizen who wishes to see Ada in the front rank I certainly hope that there will be no hesitation or halting in the movement here. Put me down in favor of any movement that will give us more good roads."

A. K. Thornton is another good roads enthusiast. He gives it as his opinion that if a good road should be built fifteen miles in each of the four directions from Ada, that cotton receipts alone would be increased to not less than 20,000 bales per annum. Since it is out of the question to enter upon a building as comprehensive as that, he favors the next best thing which is to build three or four miles towards Center on the west and to Pecan Grove on the south, for he knows that if the people once see what a real road looks like and have traveled over it a few times, they will not be satisfied with old conditions but will get busy with others.

Mr. Norris does not own any property on the road south, but offers a generous cash donation to help improve it. E. H. Lucas, whose place it will pass, also offers to come across handsomely, and others who own farms along the road, are enthusiastic over the prospect, and will also come across when their help is needed. A spirit of co-operation of this kind will mean the pushing of the matter to a speedy and successful conclusion.

STATE CONVICTS PICK COTTON AT GRANITE

Oklahoma City, Ok., Oct. 30.—One hundred trustees of the State Reformatory at Granite are working in cotton patches in that vicinity, earning for the state an average of \$1.50 per day. The men work without guard, one bunch of thirty being away from the prison from Monday morning until Saturday night. Before the planter can obtain prison help he is required to make affidavit that he is unable to procure free labor, and that he will pay for convicts the prevailing price of the community. Around Granite it is \$1.00 per 100 pounds.

Clyde Reed, warden of the institution, who was here yesterday, says that he makes the task of each picker 150 pounds per day and all the convict earns over that amount he is allowed to retain. One bunch of thirty men last week averaged 344 pounds each per day, and the extra money is being sent to the convicts' families, A

boy, Warden Reed says, earned extra \$11.50 one week. The first \$1.50 each convict earns goes to the state.

Next year 1,000 acres of the prison farm will be utilized in demonstrating cotton growing under direction of an expert to be assigned by the state board of agriculture. The board will obtain the best cotton seed for the test.

Of the \$678,364.75 paid into the Democratic national campaign fund, Oklahoma contributed \$3,015.10. This state ranks thirty-first in the order of contributors.

The Mohammedan religion directs its votaries to pray five times daily, but lately the Bulgarians have kept the Turks going at such a lively clip that they have probably changed it to one prayer in five days and that on the run.

If Vice President Sherman should die before the electors cast their vote it will not unduly complicate matters, since the electors have the power to vote for some one else, if they choose. However, the senate might find itself in just a little trouble over a presiding officer in case he should die. Owing to the insurgent element in the senate, it has been impossible for that body to choose a president pro tempore, the insurgents refusing to vote for Senator Gallinger, the nominee of the regulars. An arrangement was finally entered into by which Senators Gallinger and Clay, the latter a democrat from Georgia, alternated as presiding officer when the vice-president could not be present at the sessions of the senate. This arrangement will probably be continued until March 1.

The State Treasurer has now on hand, with several counties not yet making their final remittances, a sufficient balance to wipe out every warrant issued against appropriations for the Fiscal Year 1912, ending June 30, last. This was the levy which roused the ire of the element which became active in organizing the alleged "Tax Leagues" over the state, and proves the capacity of the men composing the

COTTON RECEIPTS OVER 6,000 BALES

Cotton continues to come in at a rapid rate and the receipts are now approaching the figures of a year ago. This (Wednesday) afternoon the receipt at the county yard were 5,432 bales, and the output of the round bale gin 1,584, the equivalent of 797 square bales. This gives a grand total of 6,220 bales for the season, against 7,563 on November 1, 1911. The present figures indicate that the city has received about half of the total that will be brought in during the present season.

The big jump the figures of Monday is due to a misunderstanding by the reporter when he received them. The result was that the receipts as given Monday were considerably short of the real facts. The price today has remained steady around 11.25.

AUTOGRAPH TELLS A TALE

Character of the Kaiser Revealed to Expert by Close Analysis of His Signature.

There is always a certain amount of interest attached to the deductions drawn by graphologists from the signatures of eminent men. Here, for example, is an illuminating description of the Kaiser's autograph, supplied by an eminent Berlin graphologist:

"To begin with, there is a crocheted, a sign of pertinacity, followed by a vertical dash, showing audacity, energy, regardless of any obstacle. Then there is an acute angle, a sign of firmness and aggressiveness. The first stroke of the 'W' indicates a feeling of superiority over the rest of the universe. The termination of the imperial 'W' suggests that the sovereign sometimes finds himself struggling with the multitude of his thoughts, or the power of his instincts.

"The other letters forming the signature show similar characteristics," the graphologist proceeds. "The final 'm' is indicative of great diplomacy, which to the analyst suggests subtlety. The letter also suggests the impossibility of the suppression of the 'ego.' The flourish which terminates the imperial autograph shows a suppleness of spirit, a desire to be loved, also self-esteem.

"The two terminating points indicate defiance and generally the characteristics are those of an extraordinary imagination."

First to Use Chloroform.

Chloroform as an anesthetic was first used on the 30th of September, 1846, by Dr. W. T. G. Morton, a dentist, of Boston, in a case of tooth extraction, and thereafter by him in many difficult operations. The news of the discovery reached England in December, 1846, and British dentists immediately began to use it. Sir James Simpson, a Scotch physician (1811-1870) was the first to use it in hospital practice and this he did in 1847. His discovery was considered independent of that by the Boston dentist and in 1866 he was knighted. He had a public funeral when he died and a statue of him in bronze stands in Edinburgh.

BUY YOUR COAL NOW

AND SAVE MONEY
On account of wishing to keep our ice service good so that you will get your ice in good time on the warm days, we have decided to sell our coal at about cost for a while so as to keep our men and teams busy during what cool days we have, so that we will not have to reduce our ice delivery service, order now and we will deliver to you as we can before the cool weather sets in. Remember that we handle the very best coal, there is many poor mines in a district that is supposed to be good. We buy only from the best and where they prepare it best, there is a fire clay in all mines in this state, the least bit of fire clay in coal will cause it to clink or, the fire clay will get into all coal that is mined by the blasting process, we buy only machine mined coal which is the only process that will insure no fire clay, in mining with machines there is a roof and a floor left of coal and there is no way for it to get in, machine mined coal goes on the market at a much higher price than blasted coal, but we have always thought that our customers wanted the best and we have got it for them and sold it for about the same price some sells a low grade of coal for, also remember that we load our wagons with a fork which insures no slack, we can burn our slack under our boilers, and realize something out of it while it is worthless for stove use. We are the only coal dealers in town that has use for slack, what ever amount of slack you get in your coal is the real amount of shortage you have, as it is the same as no coal. We guarantee our weights, and you get 2000-pound tons from us. We have in stock Dewar Lump, and Rotary screened Nut and the best McAlester Lump. Call us up before you buy, we can save you in price and in quality of the coal. Phone 29.

NORMAL 45, SACRED H. O

Normal Continues Victorious Career in Football—Sacred Heart Puts Up Plucky Fight.

The Sacred Heart and the Normal football teams clashed in a hard struggle for victory on the Normal Athletic park this afternoon. In spite of the fact that clouds kept drifting by and rain was expected at almost any time, a large crowd assembled to witness the gridiron battle. The Normal team was slightly heavier than the Catholic boys, but the visitors hoped to overcome this drawback in weight by their great speed. In fact, speed is their strong point.

The ground was the least bit heavy on account of the rains last night, but with this exception everything was in fit trim for a great game. The Normal line up was the same that was used last week against A. & M. Referee—Abbott. Umpire—Cox.

SCORE BY QUARTERS.

First quarter: Called 2:25
Sacred Heart kicked off to Ada's ten yard line. McMillan returned thirty yards. Ada lost on fumble. Sacred Heart lost on downs. Ada penalized fifteen yards for handling. Ada kicked on fourth down. Sacred Heart got ball on her own thirty yard line. Ada was penalized fifteen yards on side-line coaching. Sacred Heart kicked on fourth down. With line plunging R. McMillan was sent over for the first touch-down for Ada. Jones, F. kicked goal.

Ada kicked off to Sacred Heart's twenty yard line. Davis returned five yards. Sacred Heart 0.

Ada's ball on Sacred Heart's thirty yard line. Ada lost four yards. Sacred Heart penalized five yards for holding. Roddie went over for Ada's second touch-down. Jones, F. kicked goal.

Ada kicked off to Sacred Heart's twenty-five yard line. Sacred Heart returned punt to Ada's five yard line. McMillan, C., returned ten yards. A forward pass to Roddie netted thirty yards. McLainey knocked out of the game. Donaghey went through for the next touch-down. Roddie failed on goal.

Ada kicked. Sacred Heart's ball on her forty yard line. Roddie got ball on fumble.

End of first half, score, Ada 20, Sacred Heart 0

THIRD QUARTER.

Ada kicked off to Sacred Heart's five-yard line. Sacred Heart's ball on her twenty-yard line. Sacred Heart kicks on last down. Sacred Heart punts on first down. Ada's ball in center of field. McMillan made forward pass thirty yards to Roddie. Roddie knocked out of game. Donaghey made run of twenty yards around left end. Donaghey on next play went through for another half dozen points.

Sacred Heart kicked. Brents returned the ball to center of field. McMillan, R., penalized fifteen yards for handling. Forward pass to Brents failed. McMillan punt forty yards. Time up. Ada 26; Sacred Heart 0

FOURTH QUARTER.

Sacred Heart's ball on her twenty-two yard line. Ada got ball on downs. Jones, F., made an end run on last down for another score for the Normal. Jones failed on goal.

Normal kicked off. Sacred Heart returned ten yards. Sacred Heart punted. McMillan, C., returned thirty yard through a broken field. McMillan, R., and Donaghey both made fifteen yard runs around the end. McMillan went through the line for Ada's sixth touch-down. Tolbert failed on goal.

Sacred Heart kicked off. Jones, H., returned ten yards. Brents ten yards around left end. Ada penalized five yards for off-side. Jones, F., on an end run made another touch-down for the teachers. Jones, F., kicked goal.

Ada kicked off. Davis returned on punt. Brents returned ten yards. Fentem made twenty yard run around right end. Ada loses on downs. Sacred Heart punts.

Game ends with Ada in possession of the ball on Sacred Heart's forty-yard line.

Score, Normal 45; Sacred Heart 0.

Line-up.

CITY NEWS IN BRIEF

Loose leaf ledger's at Holley's. 2291f.

Hear Capt. Hobson tonight at Normal auditorium. 8:30 p. m.

Rev. S. B. Dannon returned this morning for Tulsa, where he conducted a meeting.

Regular suppers now served at the Pontotoc Cafe. 171-47d

Capt. Hobson, greatest of America's heroes, tonight at Normal.

A good shower fell Tuesday night and the temperature has been somewhat lower today in consequence.

The Daring of America, by Capt. Hobson at normal this evening at 8 p. m.

Always got all kinds of paint at lowest prices at Dr. Holley's Drug Store. 2291f.

J. M. Wintersmith returned this morning from an extended visit to his old home at Louisville, Kentucky.

Stoddard's lectures contain the romance, poetry, drama, mythology and fable of 3,000 years.

W. J. Reed is able to be out today, although still very sore from the effects of his accident.

All kinds of blank books, ledgers, cash books and day books at Holley's Drug Store. 2291f

Plenty of fancy lump and nut coal on hand, Ada Coal Co. Phone 157. C. W. Zorn. 177-31

Of all the western dramas that have been presented of late, none can excel A Woman of Arizona, which the Majestic will present to its patrons this evening. Lazy Bill Hudson is a live wire comedy and no mistake. You will have to see Bill if you want to know how lazy he really was. Coming tomorrow: Lyne & Kilment, those funny vaudevillians.

Among the members of Wetumka lodge attending the trick funeral were W. C. Farmer and G. C. Bohn of the Wetumka Gazette. While here they paid the News a short and appreciated call.

Help the citizens by hearing Capt. Hobson this evening—8 p. m. at Normal auditorium.

When you get cold buy your coal from the Ada Coal Co. Phone 159. 177-31d

J. W. Bolen had already received an invitation to join the Bryan train at Holdenville Tuesday afternoon, but as it was some distance from the place of speaking to the train, he had a lively race to catch it, but proved himself something of a racer and won the race by a scratch.

WANTED—At Cement Plant—Thirty men; steady work. Oklahoma Portland Cement Co. 181-1f

There is not a dull page in the whole set. There are no dry places to skip in Stoddard's Lectures.—L. Carmack, Kansas City, Mo.

CROXTON WILL ADDRESS VOTERS AT CENTER

A. M. Croxton has accepted the invitation of the county committee to address the voters of Center Saturday afternoon. This being Wilson rally day it is the hope of the committee that Democrats all over the county will turn out and stir up some enthusiasm that will bring out a full vote in November.

ATTENTION! Farmers! Stockmen!

To the farmers who have surplus feed, we suggest buying stock and feeding them.

To the stockmen who have surplus young stock, we advise keeping them, buying feed and getting the growth.

This bank is able and willing to advance money at VERY REASONABLE rates to any good farmer or stockman in Pontotoc County, for EITHER purpose.

Come in and talk the matter over with us.

The First National Bank OF ADA

FRIEND OF TECUMSEH WILL SPEAK SATURDAY

It is the plan of the state and national committees to close the campaign Saturday with a general round-up and rally. In this connection Hon. Chas. Friend of Tecumseh will speak at Ada at 2 o'clock on that date. Mr. Friend has the reputation of being one of the best speakers sent out by the committee, and a good speech may reasonably be expected of him.

Notice to Teachers.

Arrangements have been made for a meeting of the County Teachers' Association of the teachers of Pontotoc County to be held at Ada on Friday and Saturday after Thanksgiving, November 29 and 30th. Some questions of importance will be discussed at this meeting and a full attendance is requested.

J. H. NORMAN, Acting Pres. Francis, Okla., Nov. 29th, 1912.

WANTED—At Cement Plant—Thirty men; steady work. Oklahoma Portland Cement Co. 181-1f

Her Simple Question.

A young man took a young woman friend to a ball game for the first time, and in his superior knowledge he asked her after the first inning was over if there was anything about the game she would like to have explained.

"Just one thing," said the sweet young thing. "I wish you would explain how that rheumatic bush league relic in the box ever gets the ball over the plate without the aid of an express wagon."

And in the silence that followed all that could be heard was the chugging of the young man's Adam's apple working feverishly up and down.—Boston Traveler.

Quickest route for first class painting and paper hanging. All work done on short notice. Phone 1674e at Byrd hotel.

Married.

About 4 o'clock Tuesday afternoon, at the Baptist parsonage, the marriage of Mr. C. H. Hansard and Miss Winnie Williams of Stonewall was solemnized, Rev. C. Stubblefield officiating.

Thanks to the help of Prof. W. D. Little the News is able to get a full writeup of this afternoon's ball game in this issue of the paper. It will be only a few minutes from the time the last piece of copy comes in until the paper is in the hands of the players themselves who will be thus enabled to see themselves as others saw them.

YOU CAN REGISTER NOW

The registration books will be open from Friday, October 25th to Thursday, Oct. 31st, for the purpose of allowing all who failed to register for the primary, to register for the general election. A. R. SUGG, Chairman Pontotoc Co. Election Board. 168-1f

Of the \$678,364.79 paid into the Democratic national campaign fund, Oklahoma contributed \$3,015.40. This state ranks thirty-first in the order of contributors.

The Mohammedan religion directs its votaries to pray five times daily, but lately the Bulgarians have kept the Turks going at such a lively clip that they have, probably changed it to one prayer in five days and that on the run.

If Vice President Sherman should die before the electors cast their vote it will not unduly complicate matters, since the electors have the power to vote for some one else, if they choose. However, the senate might find itself in just a little trouble over a presiding officer in case he should die. Owing to the insurgent element in the senate, it has been impossible for that body to choose a president pro tempore, the insurgents refusing to vote for Senator Gallinger, the nominee of the regulars. An arrangement was finally entered into by which Senators Gallinger and Clay, the latter a democrat from Georgia, alternated as presiding officer when the vice-president could not be present at the sessions of the senate. This arrangement will probably be continued until March 4.

The State Treasurer has now on hand, with several counties not yet making their final remittances, a sufficient balance to wipe out every warrant issued against appropriations for the Fiscal Year 1912, ending June 30, last. This was the levy which roused the ire of the element which became active in organizing the alleged "Tax Leagues" over the state, and proves the capacity of the men composing the

ADMISSION 25 CENTS

COTTON RECEIPTS OVER 6,000 BALES

Cotton continues to come in at a rapid rate and the receipts are now approaching the figures of a year ago. This (Wednesday) afternoon the receipt at the county yard were 5,432 bales, and the output of the round bale gin 1,594, the equivalent of 797 square bales. This gives a grand total of 6,220 bales for the season, against 7,563 on November 1, 1911. The present figures indicate that the city has received about half of the total that will be brought in during the present season.

The big jump the figures of Monday is due to a misunderstanding by the reporter when he received them. The result was that the receipts as given Monday were considerably short of the real facts. The price today has remained steady around 11.25.

AUTOGRAPH TELLS A TALE

Character of the Kaiser Revealed to Expert by Close Analysis of His Signature.

There is always a certain amount of interest attached to the deductions drawn by graphologists from the signatures of eminent men. Here, for example, is an illuminating description of the Kaiser's autograph, supplied by an eminent Berlin graphologist:

"To begin with, there is a crocheted, a sign of pertinacity, followed by a vertical dash, showing audacity, energy, regardless of any obstacle. Then there is an acute angle, a sign of firmness and aggressiveness. The first stroke of the 'W' indicates a feeling of superiority over the rest of the universe. The termination of the Imperial 'W' suggests that the sovereign sometimes finds himself struggling with the multitude of his thoughts, or the power of his instincts. The other letters forming the signature show similar characteristics," the graphologist proceeds. "The final 'm' is indicative of great diplomacy, which to the analyst suggests subtlety. The letter also suggests the impossibility of the suppression of the 'ego.' The flourish which terminates the Imperial autograph shows a suppleness of spirit, a desire to be loved, also self-esteem.

"The two terminating points indicate defiance and generally the characteristics are those of an extraordinary imagination."

First to Use Chloroform.

Chloroform as an anesthetic was first used on the 30th of September, 1846, by Dr. W. T. G. Morton, a dentist, of Boston, in a case of tooth extraction, and thereafter by him in many difficult operations. The news of the discovery reached England in December, 1846, and British dentists immediately began to use it. Sir James Simpson, a Scotch physician (1811-1870) was the first to use it in hospital practice and this he did in 1847. His discovery was considered independent of that by the Boston dentist and in 1866 he was knighted. He had a public funeral when he died and a statue of him in bronze stands in Edinburgh.

BUY YOUR COAL NOW

On account of wishing to keep our ice service good so that you will get your ice in good time on the warm days, we have decided to sell our Coal at about cost for a while so as to keep our men and teams busy during what cool days we have, so that we will not have to reduce our ice delivery service, order now and we will deliver to you as we can before the cool weather sets in. Remember that we handle the very best Coal, there is many poor mines in a district that is supposed to be good. We buy only from the best and where they prepare it best, there is a fire clay in all mines in this state, the least bit of fire clay in coal will cause it to clinker, the fire clay will get into all coal that is mined by the blasting process, we buy only machine mined coal which is the only process that will insure no fire clay, in mining with machines there is a roof and a floor left of coal and there is no way for it to get in, machine mined coal goes on the market at a much higher price than blasted coal, but we have always thought that our customers wanted the best and we have got it for them and sold it for about the same price some sells a low grade of coal for, also remember that we load our wagons with a fork which insures no slack, we can burn our slack under our boilers, and realize something out of it while it is worthless for stove use. We are the only coal dealers in town that has use for slack, what ever amount of slack you get in your coal is the real amount of shortage you have, as it is the same as no coal. We guarantee our weights, and you get 2000-pound tons from us. We have in stock Dewar Lump, and Rotary screened Nut and the best McAlester Lump. Call us up before you buy, we can save you in price and in quality of the coal. Phone 29. ADA ICE AND COAL STORAGE CO. 145-dtt

NORMAL 45, SACRED H. O

Normal Continues Victorious Career in Football—Sacred Heart Puts Up Plucky Fight.

The Sacred Heart and the Normal football teams clashed in a hard struggle for victory on the Normal Athletic park this afternoon. In spite of the fact that clouds kept drifting by and rain was expected at almost any time, a large crowd assembled to witness the gridiron battle. The Normal team was slightly heavier than the Catholic boys, but the visitors hoped to overcome this drawback in weight by their great speed. In fact, speed is their strong point.

The ground was the least bit heavy on account of the rains last night, but with this exception everything was in fit trim for a great game. The Normal line up was the same that was used last week against A & M. Referee—Abbot. Umpire—Cox.

SCORE BY QUARTERS.

First quarter. Called 2:25
Sacred Heart kicked off to Ada's ten yard line. McMillan returned thirty yards. Ada lost on fumble. Sacred Heart lost on downs. Ada penalized fifteen yards for handling. Ada kicked on fourth down. Sacred Heart got ball on her own thirty yard line. Ada was penalized fifteen yards on sideline coaching. Sacred Heart kicked on fourth down. With line plunging R. McMillan was sent over for the first touch-down for Ada. Jones, P. kicked goal.

Ada kicked off to Sacred Heart's twenty yard line. Davis returned five. Ada 7, Sacred Heart 0
Ada's ball on Sacred Heart's thirty yard line. Ada lost four yards. Sacred Heart penalized five yards for holding. Roddie went over for Ada's second touch-down. Jones, P. kicked goal.

Ada kicked off to Sacred Heart's twenty-five yard line. Sacred Heart returned punt to Ada's five yard line. McMillan, C., returned ten yards. A forward pass to Roddie netted thirty yards. McLainey knocked out of the game. Donaghey went through for the next touch-down. Roddie failed on goal.

Ada kicked. Sacred Heart's ball on her forty yard line. Roddie got ball on fumble.
End of first half, score, Ada 20, Sacred Heart 0

THIRD QUARTER.

Ada kicked off to Sacred Heart's five-yard line. Sacred Heart's ball on her twenty-yard line. Sacred Heart kicks on last down. Sacred Heart punts on first down. Ada's ball in center of field. McMillan made forward pass thirty yards to Roddie. Roddie knocked out of game. Donaghey made run of twenty yards around left end. Donaghey on next play went through for another half dozen points.

Sacred Heart kicked. Brents returned the ball to center of field. McMillan, R., penalized fifteen yards for handling. Forward pass to Brents failed. McMillan punted forty yards. Time up. Ada 26; Sacred Heart 0

FOURTH QUARTER.

Sacred Heart's ball on her twenty-two yard line. Ada got ball on downs. Jones, F., made an end run on last down for another score for the Normal. Jones failed on goal.
Normal kicked off. Sacred Heart returned ten yards. Sacred Heart punted. McMillan, C., returned thirty yard through a broken field. McMillan, R., and Donaghey both made fifteen yard runs around the end. McMillan went through the line for Ada's sixth touch-down. Tolbert failed on goal.

Sacred Heart kicked off. Jones, H., returned ten yards. Brents ten yards around left end. Ada penalized five yards for off-side. Jones, F., on an end run made another touch-down for the teachers. Jones, F., kicked goal.

Ada kicked off. Davis returned on punt. Brents returned ten yards. Fentem made twenty yard run around right end. Ada loses on downs. Sacred Heart punts.

Game ends with Ada in possession of the ball on Sacred Heart's forty-yard line.
Score, Normal 45; Sacred Heart 0.

Line-up.

FRIEND OF TECUMSEH WILL SPEAK SATURDAY

It is the plan of the state and national committees to close the campaign Saturday with a general roundup and rally in this connection Hon. Chas. Friend of Tecumseh will speak at Ada at 2 o'clock on that date. Mr. Friend has the reputation of being one of the best speakers sent out by the committee, and a good speech may reasonably be expected of him.

Notice to Teachers.

Arrangements have been made for a meeting of the County Teachers' Association of the teachers of Pontotoc County to be held at Ada on Friday and Saturday after. Thanksgiving, November 29 and 30th. Some questions of importance will be discussed at this meeting and a full attendance is requested.

J. H. NORMAN, Acting Pres. Francis, Okla., Nov. 29th, 1912.

WANTED—At Cement Plant—Thirty men; steady work. Oklahoma Portland Cement Co. 131-1f

Her Simple Question.

A young man took a young woman friend to a ball game for the first time, and in his superior knowledge he asked her after the first inning was over if there was anything about the game she would like to have explained.

"Just one thing," said the sweet young thing. "I wish you would explain how that rheumatic bush league reliever in the box ever gets the ball over the plate without the aid of an express wagon."

And in the silence that followed all that could be heard was the chugging of the young man's Adam's apple working feverishly up and down.—Boston Traveler.

Quickest route for first class painting and paper hanging. All work done on short notice. Phone McDoyle at Byrd hotel. 177-1f

Married.

About 4 o'clock Tuesday afternoon, at the Baptist parsonage, the marriage of Mr. C. H. Haisard and Miss Winnie Williams of Stonewall was solemnized, Rev. C. Stubblefield officiating.

Thanks to the help of Prof. W. D. Little the News is able to get a full writeup of this afternoon's ball game in this issue of the paper. It will be only a few minutes from the time the last piece of copy comes in until the paper is in the hands of the players themselves who will be thus enabled to see themselves as others saw them.

YOU CAN REGISTER NOW

The registration books will be open from Friday, October 25th to Thursday, Oct. 31st, for the purpose of allowing all who failed to register for the primary to register for the general election. A. R. SUGG, Chairman Pontotoc Co. Election Board. 169-1f

W. S. IRICK DIES AFTER LONG ILLNESS

At 2 o'clock this morning W. S. Irick died at his home on East 7th street. The funeral services were held at the Methodist church this afternoon at 2 o'clock, after which the interment took place at Rosedale cemetery. Deceased being a member of the Masonic fraternity, the body was laid to rest with the honors of that craft. Besides members of the Ada lodge, twenty-one members of Wetumka lodge, in which deceased held his membership, participated in the ceremonies.

Mr. Irick moved to Ada only a few weeks ago and was in the employ of the Choctaw Cotton Oil Co. as superintendent of gins. He had scarcely arrived before being stricken down with typhoid fever, and for two months

he fought for his life but to no avail. He was at one time convalescing of the fever, when stricken with pneumonia which attack he was too weak to withstand.

Mr. Irick is survived by his wife and two children, who have the deep sympathy of a host of friends in their hour of bereavement.

THE ONLY WAY

Many Ada Citizens Have Discovered It.

Just what to do when the kidneys are affected is a question that concerns both old and young. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys. Doan's Kidney Pills owe their world-wide fame to the fact that they have cured thousands of cases of sick kidneys and cured them permanently. Follow the example of this Ada citizen.

Mrs. A. White, Townsend Ave., and Thirteenth street, Ada, Okla., says: "We have used Doan's Kidney Pills in the family with such good results that I can recommend them highly, although I never used them myself. One of my family had been bothered with backache and weak kidneys. The use of Doan's Kidney Pills brought complete relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Rags Wanted—Will pay 5 cents per pound for large clean cotton rags. News office.

SHERMAN'S CONDITION VERY CRITICAL

Utica, N. Y., Oct. 29.—At 6 o'clock tonight Dr. Peck issued the following statement relative to the condition of Vice President Sherman:

"For the past week or ten days Mr. Sherman's friends and physicians have felt a great deal of solicitude about him and for the past three or four days his uremic condition has caused a good deal of alarm. After a very disturbing day yesterday, he fell into a natural sleep at 11 o'clock last night without the aid of sleep-producing drugs and slept until 5 o'clock this morning quietly and comfortably. This afternoon there has been a recurrence of his disturbance, but for the larger part of the afternoon he has been resting quietly. His heart strength is keeping up very well, his pulse is from 80 to 86; temperature practically normal; respiration from 17 to 20."

During the day there were several emergency calls from the Sherman house for the physicians. The vice president was not in great pain, but was extremely restless and at times irrational, both of which conditions were caused by the presence of uremic poison, due to the function of the kidneys. Dr. Peck makes no effort to minimize the seriousness of this condition, but is hopeful of being able to stimulate the kidneys and if he succeeds, expects a marked improvement. In no event does he anticipate a vital crisis for a day or two.

There is no effort to conceal the facts concerning the vice president's case. On the contrary, both Dr. Peck and Mr. Sherman's family concede its critical nature.

The doctor says, however, that kidney diseases are of such an illusive nature that it is quite impossible to fortell the course of any given case with exactness. Mr. Sherman's robust constitution is in his favor, but the fact that he has lost ground steadily since August weighs against him.

Dr. Janeway of New York, and Dr. Elsner of Syracuse, both of whom have been called into consultation during the past ten days, confirm Dr. Peck's diagnosis, leaving no doubt that the kidneys are the seat of the malady, while the heart, the arteries and the muscles about the heart are all seriously involved.

After a restless and unsatisfactory day, Vice President Sherman dropped off to sleep while sitting in his chair at 8:30 o'clock tonight and at 11 o'clock still was sleeping. Dr. Peck, who had been with him most of the time for twenty-four hours, left for home expressing confidence that his patient would go through the night without great distress.

His kidneys are acting somewhat more favorably.

Problem of the Backward Child.

New York, Oct. 29.—Some of the brightest minds of the nation assembled at the College of the City of New York today to consider the great problem of the mentally defective child and the saving of him for a useful citizenship. The conference is similar to the one held here last year and which attracted international attention at the time Dr. P. P. Chaston, United States Commissioner of Education, is presiding over the three days' sessions. Other notable participants include Gardner C. Basset of Johns Hopkins University, Prof. James E. Lough of New York University, Miss Mary R. Campbell of Chicago, and Dr. C. Ward Crampton, director of physical training in the New York public schools.

YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

BRADFORD REGULATOR CO., Atlanta, Ga.

Notable Wedding in London.

London, Oct. 30.—At one of the most brilliant weddings of the season, Miss Benson, daughter of Mrs. Robert Benson, who is equally well known to society in New York and London, today became the bride of Capt. Hereward Wake, D. S. O., 60th Rifles. The ceremony took place at St. Margaret's, Westminster. The bride was attended by eight bridesmaids. The ceremony at the church was followed by a large reception at Dorchester House, the London home of the American ambassador, which was loaned for the occasion.

J. W. Hutton was up from Fitzhugh between trains this morning.

HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothurn, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief."

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited. I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old. Its ingredients are mild herbs, having a gentle tonic effect, on the womanly constitution. Cardui has helped a million women back to health and strength. Have you tried it? If not, please do. It may be just what you need.

ILLITERACY DECREASING IN UNITED STATES

Washington, Oct. 30.—In the states comprising what the Census Bureau denominated the "East North Central" portion of the United States, not more than three out of 1,000 children between the ages of 10 and 14 are unable to read and write. This includes white, black, native and foreign children in the states of Ohio, Indiana, Illinois, Michigan and Wisconsin.

That is what Director Durand of the Census Bureau finds from the 1910 census. Ten years previous, or in 1900, in that same area the illiteracy rate was seven in each 1,000 children of that age, or a drop in illiteracy from 7 to 3 of 1 percent.

This is just a shade better than in the Middle Atlantic and the New England states, where the rate of illiteracy is four in 1,000. The greatest improvement in ten years is noted in New England where the rate dropped from 1.2 per cent to .1 of 1 per cent. In the New England and Middle Atlantic States illiteracy among native white children of native parents has been almost obliterated, being reduced to two in 1,000, while in the Pacific Coast States the illiteracy has been reduced to one in 1,000 among the native children of native white parents. Ten years before it was three in 1,000. The average on the Pacific Coast for black, white, native and foreign children between 10 and 14 years is .5 of 1 per cent.

Owing to the large negro population the illiteracy is greatest in the Southern states from the Atlantic to and including Texas and Oklahoma. The statistics are not available as to states, but for those states comprising the South Atlantic division the illiteracy is 10 per cent, or 100 in each 1,000. This is reduction from 17 per cent in 1900. In that section the illiteracy among negro children is 18.9 per cent as against 31.3 per cent in 1900.

In the East South Central division, composed of Kentucky, Tennessee, Alabama and Mississippi, illiteracy among all classes and races of children is 10.7 per cent against 18.2 per cent in 1900. The illiteracy among negro children is 20.7 against 32.1 in 1900.

In the West South Central division composed of Texas, Oklahoma, Louisiana and Arkansas, ninety-four out of every 1,000 children of all races are unable to read or write. Ten years previous this rate was 162 out of 1,000. Of the negro children 32.7 were illiterate in 1900 and 2.1 per cent in 1910.

An interesting fact brought out by these statistics is that American-born children of foreign parentage stand higher in percentage as regards instruction than do the native children born of native parents. Especially is this the case in the South, east of Louisiana. In the South Atlantic states the rate of illiteracy among children of native parentage is 5 per cent, but among American-born children of foreign parentage it is only .5 of 1 per cent. In the East South Central division it is 5.3 per cent among children of native parentage, as against .9 of 1 percent among children of foreign parentage.

DECISIVE BATTLE BEING FOUGHT

Bulgarians and Turks Locked in Death Grapple—Battle May Decide War.

London, Oct. 28.—What may develop into the decisive battle of the war is being waged southeast of Adrianople, where, according to the scant information from the front, the armies of Turkey and Bulgaria are locked in a tremendous struggle.

Constantinople admits that an important battle is being fought and insists that the Turkish troops, after successive defeats by the Bulgarians, are at last gaining ground. A brief dispatch to the Ottoman government, from Nazim Pasha, whose headquarters are near Chorus, saying he is engaging the enemy in force and that the Turkish troops are resolved to die, but never surrender, is the sole intimation of the beginning of the battle in which several hundred thousand men are engaged along a front which is believed to extend about forty miles from Chorus in the east to Ku-Lule-Burgas, which, according to a Vienna dispatch, is now held by the Bulgarians.

From Vienna also comes the information of a further advance of the eastern Bulgarian army, which met a large force of Turks stationed near the river north of Chorus, and that there is fighting all along the line in the neighborhood of Saraz, Sofalar, Cherkeskeni and Strandja. Severe fighting is also reported between Uskub and Visa.

According to Turkish reports two

Half the Regular Fuel Supply Required

Cole's Original Hot Blast Heater, on account of the patented air-tight and gas-tight construction and patented hot blast combustion, gives perfect control over the fire.

Build Only One Fire a Winter

It is so perfect in construction that fire keeps all night—It saves the gases wasted with other stoves.

The cost of the stove is saved in fuel. \$5.00 worth of soft coal, hard coal or lignite, or a \$1.50 ton of slack or screenings will do the work of twice the amount of fuel in other stoves.

It is guaranteed to remain always air-tight, which means that it is always a fire-keeper.

Examine Cole's Original Hot Blast before you buy—Avoid imitations which only look like the genuine.

The heater with a reputation. **BROWN & COFFMAN** Price \$12.00 and upward according to size and style.
HARDWARE DEALERS: ADA, OKLAHOMA

battalions of Bulgarians were cut to pieces in this encounter.

The bombardment of Adrianople still continues, but the Bulgarians now announce that no attempt will be made to take it by storm, as they are determined to starve the garrison into surrender. The only word from Sofia tonight is that the Bulgarians, having cut Nazim Pasha's communications, have forced him into a big battle and that they are confident he will be overwhelmed.

From Belgrade comes the report that the Turks are retiring toward Monastir and Salonica with the Serbian cavalry in pursuit.

So far the Serbians are reported to have captured a dozen important towns in Macedonia, which were defended by 100,000 Turks.

The retreating remnants of this army are thoroughly demoralized. The Serbians have captured 200 guns many thousands of rifles and immense stores of ammunition and provisions.

The Greeks are reported to have captured the defile leading to Verria on the line from Salonica to Monastir, but the position of the Greek forces is apparently perilous, as the Daily Express correspondent telegraphs from Larissa as follows: "The army must have bread. This explains why the Crown Prince is pushing eastward in frenzied haste to Salonica, where his army can be replenished from the sea."

Lieutenant Kamberis, the Greek army aviator, left Larissa yesterday morning in a Beriot machine and made a great flight, traveling at a height of 1,000 feet. He returned safely with valuable information of the enemy's movement. The Montenegrians are still keeping up a bombardment of Scutari. They have taken the

heights of Busanrogana Gaziant, where they have planted artillery and are raking the doomed town, which is cut off from supplies and facing starvation.

The consensus of opinion is that the Turkish army under Nazim Pasha with its line of communication cut, is now fighting for its life and that Salonica, menaced by the Greeks and Serbians is in peril.

In favor of installing electricity in your home is the convenience. You simply press a button and we do the rest. We can light your home, heat your home, cook your meals, wash your clothes, operate your sewing machine, and make it a pleasure for you to iron in the new way—the electric way. You can iron in the kitchen, sewing room, porch or wherever you choose. No walking back and forth, or stopping work, the right temperature in the iron always, therefore better work. Adopt the electric way—the cool, comfortable and efficient way. Electricity is one of the greatest household economizers and conveniences available. Always at your service to explain matters to you.

PORK AND BEANS ARE THE BEST

Pork and Beans that money and intelligence can produce. We sell them, and our reputation stands behind the goods.

Waples Platter Grocer Co., Ada, Okla.

KATE BARNARD OF OKLAHOMA

This is a great big story by Helen Christine Bennett, about a 90-pound woman, "the most popular citizen, the friend of the poor and unfortunate, the best vote getter—in short, the beneficent boss of a thriving state."

Her career in politics, her battles and her victories, her work as State Commissioner of Charities and Corrections, her organization of the East Side Improvement Society and its results, her fight for pure water for Oklahoma City—all these things and many more are in

PICTORIAL REVIEW FOR NOVEMBER

In this number begins, also, a series of the most remarkable human documents ever published, "The Love Letters of a Confederate General" written fifty years ago and published today for the first time. These letters were written in the thick of the greatest civil war the world ever saw. Every school boy knows the story of the brave man who wrote these letters filled with war, adventure, romance and love. Be sure to get this remarkable number and read the first letters of the series. (Sign coupon and send for this great issue immediately.)
